THE ART OF BEING A BEE

10 years of our commitment to "good design" have been given birth to innovative tableware collections made to last with a friendly approach to nature respect.

Our new symbol, a bee, is our tribute to their contribution for a sustainable development for the survival of our ecosystem.

THE REDESIGN OF JOMON AFTER 10 YEARS

TEARS COLLECTION

Our new design Tears presents a further aspiration in the tableware world. The redefining of Jomon, our first iconic collection after 10 years wants to express and intensify the "tactile interaction" for a rich experience at the table.

Tears invites you to a new culinary approach, its unique texture language will shake the design and composition of the high end gastronomy.

OUR PORCELAIN

At Cookplay we believe in porcelain as one of the precious materials on earth and probably the most sustainable due to its durability and natural components. Our organic designs are carefully made by injection moulds with the highest quality porcelain which vitrifies at 1320°C resulting in high dense, nonabsorbent, pure white pieces of design.

CARE INSTRUCTIONS

DISHWASHER | MICROWAVE | OVEN | EASY CLEAN

Suitable for Hospitality Requirements

· Porcelain matt finish (Biscuit Porcelain)

Our matt porcelain is fired up to 1320° C, unglazed, in its pure state with great properties of hardness. Food stains will be always superficial, as it is a vitrified material, they will be easily removed before the dishwasher rubbing with soap and a green scourer (e.g Scotch Brite).

We suggest to immerse the pieces from time to time in water with a normal whitening powder to keep the white and brightness of the porcelain.

This high strong porcelain, very difficult to be chipped, is a really long lasting material: professional dishwasher, microwave and oven safe.

· Care for gold and silver finish, Jomon collection.

Professional dishwasher safe, but not suitable for microwave or oven.

We recommend to place a separator between items when stacked. Silver and gold finishes can be damage by the external matt porcelain of the stacked piece.
